

Accessibility Statement For Showroom

The showroom is all on the ground floor with no steps outside or inside and fully wheel chair accessible.

We have no piano pedal aids onsite.

There are no ramps or lifts required in the showroom as the entire showroom is ground floor.

The toilet facilities are accessible for wheel chair users but there are no alarms or aids.

Assistance dogs are allowed into the showroom and we will make sure our showroom dog will be shut away so as not to distract any assistance dog.

There is no requirement for larger text or brail as there is no written information in the showroom as all information is given verbally.

There is no need for Blue badge parking as parking is on private land attached to the showroom within 20ft of the door. The driveway is mainly gravel but there are hard standing pathways to the showroom doors.

If there are any problems that require attention please email info@pianos.eu.com or phone 07801541058.
